

SUBCUTANEOUS SYRINGE DRIVER COMPETENCY WORKSHOPS

Aim

- To assist Registered Nurses to obtain the theoretical and practical knowledge and skills required to manage subcutaneous infusions in their own practice.

To attain certification each nurse is required to:

- Complete a workbook (this will be provided)
- Attend a 2-hour workshop, during which a practical competency assessment will be completed.
- Complete a written test obtaining 80% minimum in the written component and 100% in the drug calculations.

Following successful completion of the programme a Certificate will be issued.

To maintain certification

- It is advised that nurses attend this course every two years to maintain their certification. If you have any questions on syringe drivers or syringe driver education please telephone or email to discuss as we aim to help you, so you can help your patient's/clients.
