

Why you should give a day of care ...

By giving a day of care you'll be supporting a vital, unique service in our community

Hospice Waikato is the only dedicated community palliative care service across the whole Waikato region for people with a terminal illness.

People with terminal illness rely on your generosity to ensure that our service remains free and accessible for everyone.

It's your chance to change a life

The best reason we can give you for giving a day of care is that you will be joining our team in bringing the best possible care and support to people in our community when they need it most

With your help we can ensure that every day they have is well lived with all the things we would want for our own family; fun, togetherness, laughter, tears, joy and at the end, peace.

We will celebrate your gift of care in several ways

- If you choose a specific day your gift of care will be recognised in our reception area on your chosen day
- You or your business will receive:
Acknowledgement in our annual report
Acknowledgement in our newsletter and on our website.
- If you are giving this gift from a business your business will also receive an electronic logo identifying your business as a gift of care supporter - you can add this logo to your website, invoices, receipts, advertising, etc.
- You will receive an adhesive logo to display in your reception area or vehicle.

We just need you to say yes!

We need your gift of \$1000 to support one patient for one day in our Inpatient Unit.

There are many ways you can give your gift of care:

- Make a one-off donation
- Contribute in monthly donations
- Raise the money through fundraising activities
- If you prefer, give a half day at \$500

If you are a business, you could consider:

- Adding an optional amount to your invoices with an explanation
- Get staff involved in fundraising activities
- Ask your suppliers to contribute towards your day(s) of care
- In lieu of Christmas gifts or cards email your clients and let them know you are using the funds instead to give a gift of care

Please get in touch - we'd love to hear from you!
